## WORK EXPERIENCE

### UI/UX Designer & Developer

#### CyberFortress, San Antonio, TX - 1 year 8 months

- Responsible for developing and maintaining company's brand
- Built and maintained the company's website
- Created dozens of vector graphics and illustrations across our fundraising materials, website, and our risk assessment tool
- Worked with the CTO on the launch of our risk assessment tool
- Wireframed and prototyped the company's insurance platform (including the front end for it's policy management and claims management applications) - working across company to ensure that the design met insurance regulations

### Software Developer

#### Allcat Claims Service - Boerne, TX - 1 year 5 months

- Designed, developed and maintained all front-end code for various partner's websites and applications. These partners included Ridgetop Aerial Technologies and C2 Pipeline Services.
- Worked across the company and it's partners to coalesce and troubleshoot integration requirements

### Owner

#### H.Koehler Artwork - Colorado & Texas - 5 years 8 months

- Freelance artist
- Completed numerous commissions across different mediums for a variety of clients. Highlights include 6' x 6' painting titled "Pursuit of the Sea Maiden" and multiple reading nooks with hand-painted "book spine" staircases at Tuscany Heights Elementary School in San Antonio, TX.

### Resident Artist

#### Emerald City Organics, Boulder, CO - 1 year 9 months

- Painted murals for multiple ECO dispensaries across Colorado
- Created logos, signage, etc. for each ECO dispensary based on store's individual theme
- Designed and managed monthly ads for multiple publications
- Prepped for newly-acquired stores by directing paint crews
